Many families find they share the same health challenges and/or wish to implement lifestyle changes as a family instead of restricting healthy changes to a single member of the family. I am happy to consult with families and love to help each family member improve his or her health.

Products

Teas, herbal formula, supplements, spices, oils and other products are not included in consulting fees or programs unless specifically stated. We use the highest quality, ethically wildcrafted, pure, and organic herbs in our Ayurvedic herbal preparations. * **Herbal product costs:** Generally, \$15 for a 2 oz jar; \$25 for a 4 oz jar; and \$35 for a 6 oz glass jar of powdered herbs; \$15 or \$20 for a 2.5 oz or 3.0 oz bag of loose herbal tea blends; and \$15 for 4 oz of herbal oils. Prices are set based on the cost of the ingredients not the weight, thus, some simple formulas or a single herbs would cost less and some formulas with expensive ingredients may cost more. Herbal products maybe shipped in plastic bags (with labels) instead of glass jars.

Insurance

We do not bill insurance directly, but we will prepare a detailed bill which you can submit to your insurance company for reimbursement, if your insurance covers naturopathic or nutritional therapy visits. We do not bill Medicare.

(Ayurveda is not yet covered by traditional HMO and PPO plans. This means we are an “out of pocket” expense. For many of us, the first steps on our journey to wellness is to make our health a priority, and one that we invest in.)
